THE TESTAMENT OF SHERLOCK HOLMES

Scrutinized by Scotland Yard, doubted by his stalwart companion Dr. John Watson, and behaving more erratically than ever, Sherlock Holmes is in what might be his darkest hour yet. His recent triumph in the case of a missing set of priceless jewels has turned to disaster; the necklace's owner accuses Holmes of returning a forgery to him, and there seems to be no evidence at the ready to clear his name. Has Sherlock Holmes become a criminal? If he is indeed a thief, what else is he capable of? As the questions and suspicions mount, will salvation be found or will there be nothing to stop the famous detective's seeming descent into darkness…
